Event Day

Event Recap: Green Space

Starting as a new summer activity, Bannerman Community League started Green Space Events on Hermitage North Park, where colouring sheets and prizes were given to passerby's and bingo and lawn games were played. We also had the opportunity to welcome Cadence Macaraeg, a local Edmonton based artist who sang in the green space.

The “green space” is a term for the natural space the park provides. In order to bring more neighbours together to the space and enjoy the outdoors together, these events were created.

It was a great opportunity to build community in the Bannerman neighbourhood by introducing neighbours to each other, whether they were long time residents of Bannerman or new to the community. Thank you to everyone who came out and enjoyed the ice cream cart, music and games together, and to the volunteers from Bannerman community league who helped support the event. The Bannerman community is certainly one built around togetherness.

If you’d be interested in seeing more of these green space events in the summer or have ideas for events to do in the park space, please reach out to Nancy at 780-802-6215.

New Mural

The Mural: Know Your Neighbour
Walk by the Bannerman Community League and see our new mural created by local artist Evan Brunt. Evan gained inspiration for the mural from local community member input and how they wanted the community to be represented. Evan grew up in the Bannerman neighbourhood and his parents still live here.

From Evan: "The mural stuck out to me as something that I feel embodies a sense of community. And an important practice that nowadays can be commonly overlooked."

The mural has 5 important components:

- The lightbulb – To inspire youth and provide a safe place for them, and everyone's ideas and ambitions.
- The dandelion – Providing great health benefits, used in traditional herbal medicine, and a common plant in many north side fields, shows resilience in tough conditions.
- A hand holding a beating heart – To symbolize the caring, inclusive and welcoming nature that aligns with strong community.
- A teacup – To represent the connection that communities have when they take the time to talk.
- And a broken chain – To reflect breaking barriers so that everyone is welcome.

There was a ribbon-cutting ceremony at the Bannerman Corn Roast on September 10 for this memorable occasion.

Special Thank You To:

- The founders of the Bannerman Community League
- The community board
- Community members
- Tim Sousa and Jasan from Asynco Project
- Edmonton Federation of Community Leagues
- Staff at the City of Edmonton
- Kuhlmann's Greenhouse Garden
